Jl. Melati Kavling No. 10, Songgokerto, Batu, East Java

I am a driven informatics engineering student who currently in 5<sup>th</sup> semester of the Information Technology Department, specializing in the Diploma 4 program in Informatics Engineering at the State Polytechnic of Malang. I am interested in Web Developer, Front-End Developer. I have a high enthusiasm in learning new skills, collaborating in team or group, solving a problem, and up for new challenges. I honed my skills in programming languages like Java and web development like HTML5, CSS3, PHP, JavaScript, MySQL, Laravel and Git/GitHub.

I still have a strong desire to learn and further refine my skills, as well as acquire new ones that will contribute to my growth and ambition as a proficient developer.
